

Code of Conduct

January 1, 2020

Dear Colleague:

At United Medical Systems (UMS), we operate according to a set of values that are at the heart of all we do. These values shape our commitment to those we serve, to our payors, the government, our members, and ourselves.

To affirm our commitment to these values, and to “doing the right thing,” we have developed a corporate compliance program. An essential part of our compliance program is this Code of Conduct, which promotes our values and compliance with ethical principles, regulations and laws.

Our effectiveness and success depend on each one of us. Thank you for your continued commitment to high quality. We hope you will find this program to be a valuable resource.

OUR MISSION

United Medical Systems strives to provide the highest quality shared healthcare service programs for Urology. Partnering with physicians and medical facilities nationwide, UMS consistently delivers advanced technologies and cost-efficient solutions. Our proficient clinical and service teams promote and ensure a superior experience for patients, physicians and medical facility staff.

INTRODUCTION

The compliance program and this Code of Conduct (“Code”) have been formally adopted by the UMS Board and covers the entire UMS family of companies.

The following standards reinforce our mission, values, policies and procedures. The Code is not intended to cover all situations that you may encounter, but should be used as a resource to help guide you make the right decision when faced with difficult choices so you can help safeguard our tradition of strong ethical and legal standards. Other resources are also available to answer your questions, such as your supervisor, human resources, the hotline and the compliance office.

This Code states the objectives that we strive to meet in all circumstances. Whenever we identify a failure to follow the Code, we take prompt action to correct the situation and reasonable measures to ensure it does not reoccur. There will be no retaliation of any kind for good faith reporting of these issues.

Our success depends on the sound judgement and personal integrity of every employee. By following the Code you can support our efforts to achieve our mission, values and vision.

COMPLIANCE OFFICER

UMS has appointed a Compliance Officer (CO) to oversee the day-to-day operations of the compliance program. The CO reports to both the Chief Executive Officer and the Compliance Committee. The compliance program includes:

- Establishing and maintaining the Code of Conduct.
- Developing compliance training programs.
- Administering operation of the Hotline.
- Reviewing potential compliance issues, whether raised directly or reported to the Hotline.
- Establishing auditing and monitoring mechanisms to ensure compliance with relevant laws, regulations and the Code of Conduct.
- Correcting identified problems and preventing future similar occurrences of violations of laws, regulations or the Code of Conduct.

REPORTING ISSUES AND CONCERNS

If you have a question or concern about an activity being unethical, illegal, or wrong, use the following process to answer questions and report concerns. Throughout this process your identity will be kept confidential to the extent permitted by law.

1. Talk to your supervisor. He or she is most familiar with the laws, regulations, and policies that relate to your work.
2. If you are not comfortable contacting your supervisor, or if you don't receive an adequate response, talk to another member of management. All supervisors have an open door policy regarding compliance concerns and issues. You may also speak with Human Resources.
3. If you have followed #1 or #2 and still have questions, contact the Compliance Officer. The Compliance Officer will maintain your confidence to the extent practicable or allowed by law and work to resolve any issues in a fair and unbiased manner.

4. If for any reason you feel you cannot follow the above steps, or don't want to give your name, call the confidential Hotline at 1-800-826-6762. All reports to the Hotline will be referred to the Compliance Officer for appropriate action.

NON-RETALIATION POLICY

No disciplinary action or retaliation will be taken against you for reporting a perceived issue, problem, concern, or violation "in good faith". **"In good faith" means an employee actually believes that the information reported is true.**

While employees cannot exempt themselves from the consequences of their own misconduct by reporting an issue, self-reporting may be taken into account in determining the appropriate course of action.

COMPLIANCE HOTLINE 1-800-826-6762

We recognize that there are times when questions or problems cannot be addressed through the normal communication and reporting process. When this happens, you should call the Hotline. UMS has hired an outside company to take Hotline calls, so callers who do not wish to give their names can remain anonymous. The operators of the Hotline are trained to assist you in resolving questions and reporting concerns. The Hotline may be reached at 1-800-826-6762 and is available 24 hours a day 7 days a week.

Calls to the Hotline will not be traced or recorded. You will remain anonymous, unless you choose to identify yourself. If you do give your name, your identity will be protected to the extent allowed by law. No disciplinary action or retaliation will be taken against you for calling the Hotline.

All calls to the Hotline will be reviewed by the Compliance Officer and will be responded to fairly. Claims will be carefully investigated before any action is taken. The rights of all staff, including anyone who is the subject of a Hotline call, will be respected and protected. Actions taken will not be made public.

OUR RESPONSIBILITY

We must adhere to the Code of Conduct and all relevant laws and regulations that affect the performance of our jobs. If we become aware of, or have a reasonable suspicion of, a violation of law, regulation or the Code of Conduct, we must report our knowledge immediately.

We understand that if we fail to report a violation, we may be subject to disciplinary action and/or legal liability.

Supervisors and managers are responsible for maintaining an “open door” policy and for responding to issues and questions raised by their staff. Responses should occur in a timely manner, or employees should be referred to an appropriate source for resolution of their issue.
